

# Bunurong Memorial Gardens

Frankston/Dandenong road, Dandenong

There is so much area here, lots to explore for our dogs. There are 2 ponds, lots of sniffing areas, water taps everywhere, rubbish bins and more. There are never dogs here and minimum people. Although we may have a day where there is a service, these are held at the front, away from where we walk. Bring aeroguard, lots of flies (and ducks)
